Job opening: Research Associate

NAKANO Takashi
Director of RCNP

Research Center for Nuclear Physics (RCNP) at Osaka University has an opening for postdoc Research Associate to begin April,2022. We appreciate applications by strong candidates.

Positions: A few openings for Research Associate

Research Fields: Experiment, theory and accelerator physics associated with the research activities of RCNP. The places of work may include not only RCNP but also J-PARC branch, SPring-8 and JASRI.

Requirement: Doctor degree (or expecting to receive it before April 1st, 2022)

Term and contract: Two (plus one) years starting from April 1st, 2022,

Probation Period: 3 months

Salary and treatments: Approx. 300,000 yen/month and social securities (health insurance, pension, accident compensation insurance).

Application materials:

- (1) Vitae
- (2) Publication list
- (3) Copy of important publications (up to three) (Indicate them in the publication list of (2))
- (4) A brief description of research experiences
- (5) A brief description of research plan
- (6) Names and contact addresses (e-mails) of two reference persons
- (7) You can apply for Research Assistant simultaneously. If, however, you want to apply for either one of them, please indicate it, otherwise we assume that you apply for both.

Send all the application materials (1)-(7) before or on Jan.25th, 2022 by e-mail in pdf to apply-postdoc_AT_rcnp.osaka-u.ac.jp (replace _AT_ by @) with the subject "Application of "your last name" (Example: Application of Honda)
