

1. Title (both in English for a domestic workshop/conference)	Workshop on Hadron physics studies by using high-momentum secondary beams at J-PARC (J-PARCにおける高運動量ビームを用いたハドロン物理の展開)
2. List of members of the organizing committee with full name and affiliation	Kotaro Shirotori (RCNP), Hiroyuki Noumi (RCNP/KEK), Takatsugu Ishikawa (RCNP), Ken Suzuki (RCNP), Takaya Akaishi (RCNP), Megumi Naruki (Kyoto), Natsuki Tomida (Kyoto), Satoru Yokkaichi (RIKEN), Fuminori Sakuma (RIKEN), Hitoshi Takahashi (KEK), Shinya Sawada (KEK), Kyoichiro Ozawa (KEK), Kazuya Aoki (KEK), Yuhei Morino (KEK)
3. Period of workshop / conference	From 01/08/24 To 02/08/24
4. Venue	Osaka University Hall, Toyonaka Campus, Osaka University
5. Description of the results	In the workshop, 21 talks were given, including foreign researchers from the U.S., Taiwan, and Germany. We discussed various physics experiments to be performed at the J-PARC pi20 beamline, including hadron spectroscopy, hadron mass generation, exotic hadrons, nuclear structure, hadron and photon beam experiments, hyperon-nucleon scattering, muon survey, muon application and future projects at the J-PARC hadron facility and GSI. The collaborative work to realize the construction of the pi20 beamlines and possible experimental schedules were discussed. The workshop provided a fruitful discussion on these various topics
6-1. Numbers of participants from overseas	7
6-2. Numbers of male participants	43
6-3. Numbers of female participants	5
