

タイムスタンプ	2023/03/22 15:55:56
1. Title (both in English for a domestic workshop/conference)	RCNP Workshop on Physics on Baryon number and Lepton number using Nuclei
2. List of members of the organizing committee with full name and affiliation	Masaaki Kitaguchi(Nagoya Univ.), Hirohiko M. Shimizu(Nagoya Univ.), Tatsushi Shima(RCNP), Saori Umehara(RCNP), Izumi Ogawa(Fukui Univ.)
3. Period of workshop / conference	From 09/03/2023 To 10/03/2023
4. Venue	RCNP, Osaka Univ., Osaka
5. Description of the results	The recent theoretical and experimental status and the future plan were reported and discussed from a unified point of view for particle number nonconservation, for example, search for proton decay in Hyper-Kamiokande era and their theoretical implications, the possibility of new neutron-antineutron oscillation search experiments and the nuclear physics required for them, future prospects of neutrinoless double beta decay and nuclear theoretical calculations. It was decided to continue the discussion in the future.
6-1. Numbers of participants from overseas	0
6-2. Numbers of male participants	55
6-3. Numbers of female participants	4
