3. Period of workshop / conference	From 28/11/23 to 02/12/2023
4. Venue	Room Kohala 3 Hilton Waikoloa Village
5. Description of the results	This meeting is to discuss current development of next generation of streaming data acquisition system. This is XI-th edition of the workshop and this XI-th workshop is the first one, which is coordinated by the US-Japan collaboration. From Japan, we made 4 contributions from SPADI-Alliance. There were 4 contributions on the JLab streaming DAQ development and other about 10 contributions from EIC-ePIC collaboration. This meeting was so successful and US-Japan participants exchanged their knowledge and experiences on the development and discussed extensively how US-Japan will collaborate together to realize and standardize the streaming DAQ in many facilities such as RIBF, J-PARC, FRIB, JLab, and EIC. We also concluded that next SRO XII workshop would be held in Japan in 2024.
