- About Past
- About Present
- About Future

- 160000 people evacuated
- Buildings show serious damage
- Strict food restriction
  - Many people think of Fukushima's food as dangerous.

- Creative idea of soil usage
- Abandoned streets visible
- Many evacuation areas decontaminated

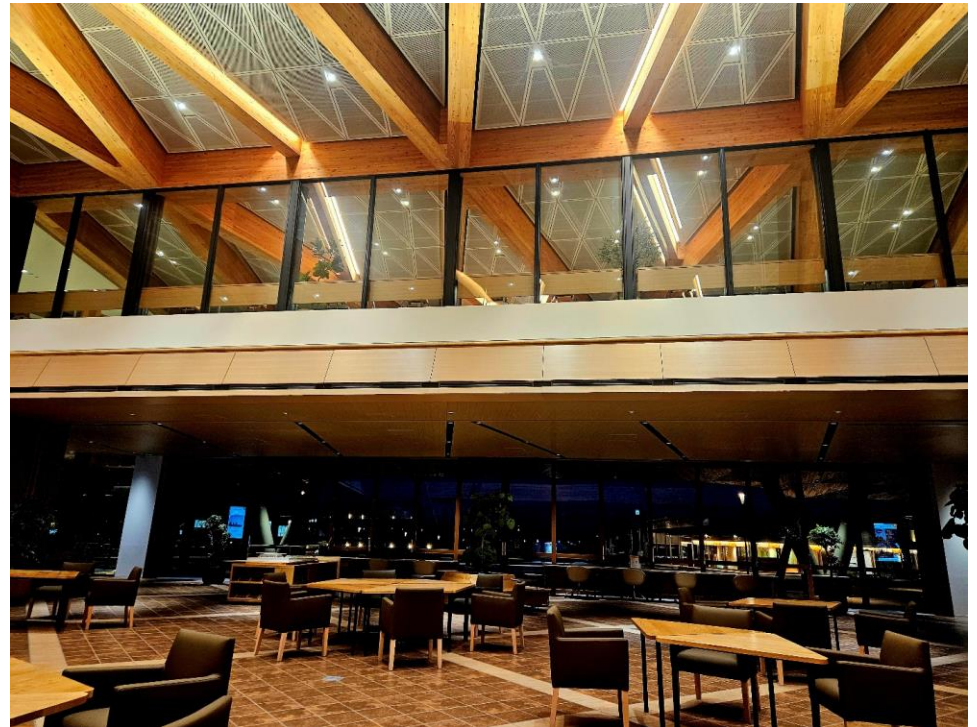

- appearance changed
- Still a lot of nuclear waste in No.1~3 powerplant
- ALPS strictly handled

- Festivals build bonds between residents.
- A lot of young people not returned yet
- residents give their best —> region inhabitable

- A lot of work has to be done.
- The JAEA make maps → residents escape safely.
- How to leave memories.
- Keep thinking.

**Thanks for your listening!**
