

8.4 RCNP WORKSHOP

The RCNP workshop was introduced from the year of 2005 in order to encourage organizing practically useful meetings of relatively small size. This year, there were three workshops and active discussions were made.

1. Hadron Physics probed by neutrino beam
(February 24, 2005) RCNP, Osaka University
Organizer: M. Sakuta (Okayama Univ.), T. Sato (Osaka Univ.), T. Shibata (TITech) and Y. Sakemi (RCNP)
2. Alpha Condensation and Tensor Correlation in Nuclei
(April 8, 2005) RCNP, Osaka University
Organizer: H. Toki (RCNP), T. Myo (RCNP)
3. Perspectives on the next generation super computers
(October 13, 2005) RCNP, Osaka University
Organizer: A. Hosaka (RCNP), T. Saito (RCNP), H. Togawa (RCNP)
